

Physical Education – A Level PE (Skill Acquisition: Paper 2 and Socio-Cultural: Paper 3)

Year 12 Preparation Task

Key Info:

Throughout this year you will be learning a wide range of topics which will examine how individuals best learn physical skills as well as looking from the Post-Industrial Revolution into how sport has evolved throughout History.

The summer tasks are topics which will be present on your A Level paper at the end of the two years so we are starting to learn the topics in order to be prepared for our exams.

Week beginning:	Expected completion time: Monday 5 th September 2023	
Activities to be completed	Location of resources	Additional resources/support
<p><u>Skill Acquisition</u></p> <ol style="list-style-type: none"> 1. Research the 6 skill classifications needed for OCR A Level PE and identify the name for each end of the continuum. 2. Define the 12 ends of the continuums. 3. Draw the 6 continua's and provide two practical skills which demonstrate each end of the continuums. 4. Justify your placing on the continua's. <p><u>Socio-Cultural</u></p> <ol style="list-style-type: none"> 1. Research what and when is Preindustrial Britain. 2. Research who were the upper class and who were the lower class in Preindustrial Britain? 3. Identify and describe 3 sports which were played by the lower class and 3 sports which were played by the upper class in Preindustrial Britain. 4. Describe ways that the availability of time affected participation in pre-industrial sport. 5. Describe ways in which levels of education and literacy affected participation in sport in pre-industrial Britain. 6. Describe the ways gender affected participation in sport in pre-industrial Britain 	<p>Everlearner</p> <p>External candidates won't have email to add to Everlearner.</p> <p>BBC Bitesize</p> <p>OCR A Level PE PowerPoints which is on the OCR website</p> <p>Everlearner</p> <p>External candidates won't have email to add to Everlearner.</p> <p>BBC Bitesize</p> <p>OCR A Level PE PowerPoints which is on the OCR website</p>	

Work to be submitted:

Bring notes made to lesson and be prepared to answer exam questions based upon the research you have conducted.
